Notes:

- Feel free to edit this however works best for your Pack.
- Delete this page before printing, or select a print range that does not include this page.
- To quickly add your pack number to each page, press ctrl+H and in the left hand panel, enter ### in the Find what: box and enter your Pack number in the Replace with: box and press the Replace All button.
- To quickly change the website address to your Pack's website address on each page, press ctrl+H and in the left hand panel, enter www.***.com in the Find what: box and your Pack's website address in the Replace with: box and press the Replace All button.
- On the Calendar Summary page, you can shade all the individual dates that you have a Scouting event on. It is amazing how filled up a full year of activities looks when you include all your Pack and den meetings, and all the other fun things you do. This is a great visual to show how active your Pack is.
- The calendar is laid out to be printed double sided and bound in some way (e.g. two staples or a more elaborate binding method, such as plastic or wire binding - some parents have access to machines that can do this at work) so it can be hung up with the description of the monthly theme and the summary of the current month's activities as well as a summary of the next month's activities.
- I left examples of how we use the color fill feature to draw attention to every Scouting activity to help parents remember what they should be doing.
- You can also print this to a PDF printer like DoPDF (www.dopdf.com) and post it to your website or email it to your Scouts' parents.
