A recent study conducted by Harris Interactive shows that Scouting programs build boys mentally, physically, socially, and spiritually. The skills they learn in Scouts help them overcome obstacles and challenges throughout their lives.

Studies have shown that Scouts with at least five years tenure are more likely than boys who have never been Scouts to:

- Assume leadership roles in clubs or school organizations.
- Put the needs of others first.
- Have higher self confidence.
- Be active in a variety of school and athletic activities.
- Be more resistant to peer pressure to delinquent or dishonest activities.
- Have improved performance in school.

Cradle of Liberty Council is proud to play its part in *building character in our future leaders*. The council serves more than 17,000 Scouts and 5,000 volunteers throughout Delaware, Montgomery and Philadelphia Counties. In the Cradle of Liberty Council, volunteer leaders are committed to delivering a high quality, safe and fun-filled program that challenges our Scouts on both an intellectual and physical level.

Your support of the Friends of Scouting program is appreciated and makes a difference!
