Looking for a Pack Website?

You probably found it. If you use this template, every page on this website will be available on your new website.

But first, we hope you click around and check out the hundreds of pages that come already loaded with this template. Then consider the following...

- Set-by-Step "Launch" instructions are included. I walk you through every task you need to get your new website up and running - fully customized for your Pack.
- . As you complete the items in the "Launch Countdown" you will be amazed that a free website, using free collaborative tools, is the perfect answer for every Pack in Scouting - not just yours.
- . I help you train your leaders to use the new website and the tools that come with it.
- If you follow the Launch Countdown in order, this website can be handed off to new leaders (when you graduate to Boy Scouts) without missing a beat.
- . Free of charge. But I will ask for a donation to this project as you get into the "Launch Countdown". So try it out and when you see how special this website really is you will want to support it. And so will your leadership team.

Pack 110 Campfire on April 26th - Harriton House

Posted on Apr 10 2013 - 2:19pm

The annual Pack 110 Campfire is coming up on Friday, April 27th. Although we did the crossover for the Webelos II Scouts at the Pinewood Derby, this is the awards ceremony for all of our other scouts and the "official" culmination of the Scouting Year (don't worry, we have great plans for the rest of the year for everyone). It will be an evening filled with fun, recognition and comraderie for all. Plus there will be snacks! It all starts at 7:00 at Harriton House and every Den will be participating in this great event.

TROOP 219 IS HEADING FOR SEA BASE HIGH ADVENTURE JUNE 2014!

Posted on Mar 7 2013 - 4:51am

You think Survivor is tough? Check out Big Munson. The Out Island Adventure combines camping on a remote 100+ acre island, snorkeling on pristine coral reefs, trolling for sportfish, kayaking through red mangroves, and exploring the flora and fauna of Big Munson Island. You will wade ashore on Big Munson Island carrying all the food, water and equipment used during your adventure in a rugged camping setting. Powerboats will take you snorkeling and fishing on selected days. A program mate will remain with you for the duration of your trip to assist you in appreciating this unique environment. This is a true high-adventure program, one that combines physical challenge with excitement and adventure. If your crew has strong camping skills and enjoys rugged camping, then the Out Island program is for you. Sound interesting? We
